

Task #5: 18th Century Eastern Colonies

Map Analysis: Identify the geographic features on the map. Analyze the description, the year the map was created, relative location, land claims, territorial boundaries, significant bodies of water, and mountains.

Notes & Reflection: Write notes about the historical context and setting that you determine from the map and generate a set of questions that assesses the status of European and Native American claims.

Assignment: Based on this map, why would someone want to settle in Philadelphia, Pennsylvania rather than Boston, Massachusetts in 1690? Consider the religious, political, and economic reasons why Philadelphia might be a better place to settle (minimum 7 sentences using 5 Content terms)
